## Greetings!

The Winfred L. Wiser Society would like to invite you to participate in the 2008 Winfred L. Wiser Society Summer Conference at Spring Creek Ranch, Jackson Hole, Wyoming on Thursday, July 17 through Sunday, July 20, 2008. Here you will have three days (Thursday-Saturday) to interact with physicians. The meeting is being offered to members of the Wiser Society and to physicians outside of the ob-gyn specialty.

The Wiser Summer Conference provides an opportunity for you to select a speaker, share your company's information, and choose the time for the presentation as outlined on the enclosed preliminary program. This opportunity is on a first come, first serve basis.

The conference will also have exhibit space available at \$750 per space. The exhibit area will be conveniently located adjacent to the general session. In addition to the exhibit floor, adequate space for refreshment breaks will be available. Your products and services are of immediate interest to our membership comprised of very active practitioners. Please take the time to go through this prospectus carefully to guarantee a smooth application process.

The success of our meeting depends in large measure on your support. Take advantage of networking with key decision makers in the medical community by joining us at this meeting!

Sincerely,

THE WINFRED L. WISER CHAIR  
IN GYNECOLOGIC SURGERY

G. Rodney Meeks, M.D.

G. Rodney Meeks, MD  
Conference Program Director
